ISSUE 254

*Your trusted partner in premium seafood—importing and
exporting the freshest catch for businesses worldwide.*

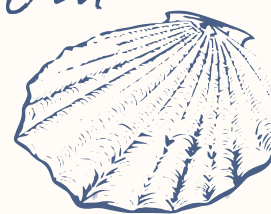

ABOUT US

Pioneering fresh frozen seafood in Singapore since 1983, Sin Hin has grown into a global supplier with a strong presence across Asia, America, Australia, and Europe. From our humble beginnings as a local distributor, we became the first company authorized to supply frog legs in Singapore, setting industry trends along the way.

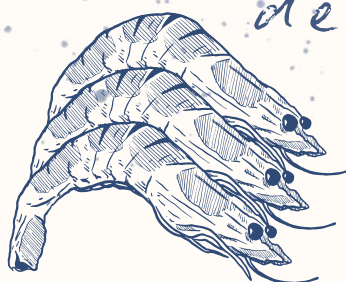

Today, our extensive seafood selection includes shrimp, crab meat, scallops, black cod, lobster, squid, grouper, coral trout, salmon, and more. Using the latest technology in processing and logistics, we ensure premium quality, keeping nutrients locked in from source to shelf.

With a trusted reputation in Singapore's food industry—serving wholesalers, caterers, restaurants, hotels, and major grocery chains—Sin Hin continues to expand globally, adapting to food trends and leading the frozen seafood industry into the future.

*The freshest from
the sea,*

*delivered to
the world*
